

English

This term we will be reading 'Measuring Me!', 'Blue Penguin' and 'The Elves and the

Shoemaker'.

Year One children will be using these texts as a basis for their own writing including instructions, letters and stories. Reception children will use Literacy time to embed their Phonic knowledge and practice early writing skills.

PSHE

Our PSHE theme for this term is 'Building Relationships: Special Relationships'. In these lessons, we will be practicing our listening and speaking skills as part of our group discussions. We will be reflecting on the people in our lives who are important to us and celebrating our uniqueness.

Music

Our Music topic this term is 'Celebration Music'. We will be listening to and exploring celebration music from different festivals and cultures, including Hannukah and Diwali.

Design Technology

In DT lessons this term we will be learning all about wheels and axles by designing and making our very own pull-along toys!

RE

In Religious Education this term, our big question is, 'Why does Christmas matter to Christians?' We will be learning all about the significance of the Nativity story for Christians around the world and how the birth of Jesus guides Christian beliefs and actions.

Science

In Science we will continue to learn about the human body and, in particular, growth. We will use our 'Working Scientifically' skills to explore how the human body works and how to keep healthy.

Autumn 2 - 25/26

Ash Class

Reception and Year 1

Who am I?

History

In our History lessons this term, we will be learning all about Florence Nightingale and Edith Cavell. We will explore why they are significant figures in history and thinking about how they have made a difference to modern day nursing.

PE - Wednesday afternoons

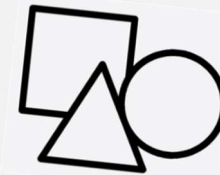

Forest School - Tuesday afternoons

Book Change - Mondays and Thursdays

Mathematics

Reception

This term, Reception children will be exploring shapes in the environment alongside the composition and representation of numbers 1-5.

Year 1

Year One children will be focusing on Addition and Subtraction, including the use of mathematical vocabulary to describe their calculations. They will also be exploring 2D and 3D shapes and how to sort these into different categories.

Computing

This term, we will be learning about programming and how to give a series of instructions using technology.
